

SMART RAIN GAUGE SYSTEM

SEJONGRAIN

Rain Gauge
Data Logger

Database
Cloud Server

Data Monitoring
(WEB, MOBILE)

Data Visualization
& Deep Learning

PRODUCT

SMART RAIN GAUGE SYSTEM

IoT

PROBLEM

NEEDS OF SMART RAIN GAUGE SYSTEM

- Low precision in tipping bucket type
- High margin of errors in continuous measurement when heavy rain with Weighing type
- Expensive Imported equipment

SOLUTION

SMART RAIN GAUGE SYSTEM

- 0.1 mm High Precision
- Continuous Measurement
- Affordable Price

BUSINESS MODEL

B2G starting with KMA, K-water for the entry
Public organization & International market

MARKET

Global Weather Market \$2 bln
Domestic Weather Market \$383 mln

CORE TEAM

Daeyun Shin CEO, Ph.D of Environment, 24 yrs at KMA & 4 yrs at K-water
Woosung Jung CFO, Ph.D of Engineering, 25 yrs at K-water
Manha Hwang CTO, Ph.D of Engineering, 25 yrs at K-water

CURRENT STATUS

Sails Contract with CLIMATEC Inc. in Japan.
Corporate with AgriMedia in Veitnam.
Field test & certification from KMA
Hydro-meteorology Observation using Dron
Participate in International Exhibition & Forum

SEJONGRAIN

Precisely & Continuously Measuring for Heavy Rain and drizzle
